

## ASRA NATIONALS 2020 Update as at 31.3.2020

The organising committee at White Gum airfield in Western Australia have formally cancelled the ASRA nationals which were to be held in May 2020 due to restrictions and health requirements of COVID-19. The crew at White Gum are bitterly disappointed but realise that these unusual circumstances are well out of their control.

The main organiser at White Gum, Nick Buri has asked for feedback from members for the event to be held at the same location later in 2020 once the virus situation has cleared up. The other alternative is for the event to be postponed and held at White Gum around the same time of the year in 2021.

Please contact Nick on [gyrocopterflightswa@gmail.com](mailto:gyrocopterflightswa@gmail.com) or 0408 923 710 and provide your thoughts.

ASRA would like to thank all at White Gum for the massive effort and work put in during the lead up to the event.
